Family Data Sheet

Gather information from your family members to fill out the sections below. When choosing "related facts of interest," include information you would find interesting if someone else were telling you a personal story about their life.

Work with your family to think of items to bring to class and share as part of a storytelling experience. Gathered objects can represent countries, family members, hobbies, foods, activities—the sky's the limit. Suggested objects include a scrap of fabric from a particular country, stickers, photos, a postcard, a clipping from a magazine, a map or a letter. (Remember, these are suggestions, not limitations. Get creative!) Be sure to bring a photo of yourself to class, too.

SECTION 1

My relatives first entered the United States from _____.

Related facts of interest _____

My gathered object is _____.

SECTION 2

My parent(s)/guardian(s) were born in _____.

Related facts of interest _____

My gathered object is _____.

SECTION 3
