

CHARITY AND JUSTICE

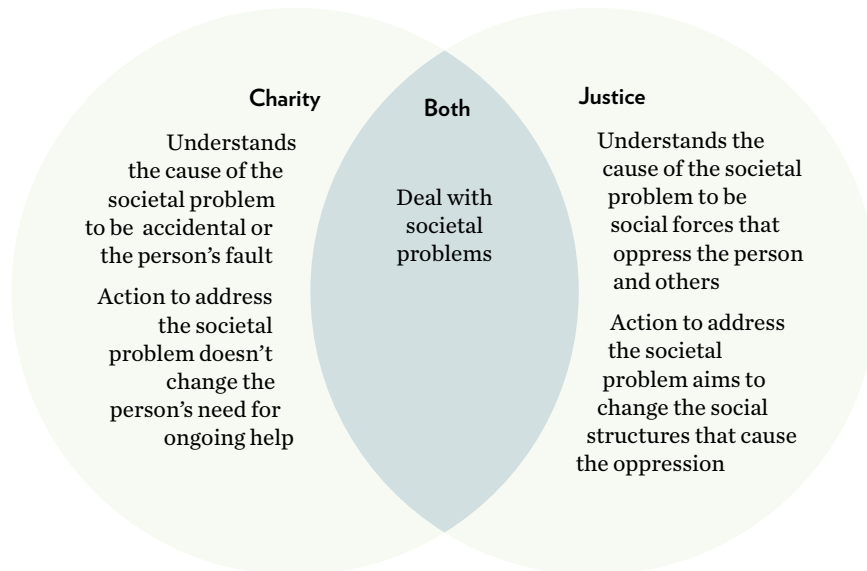

Definitions

Read the following definitions of the terms *charity* and *justice*.

charity • aid given to those in need

justice • fairness, equity; the fair distribution of advantages, assets and benefits among all members of a society¹

Both charity and justice deal with societal problems. But they are different from each other in important ways. The Venn Diagram below shows how the two compare:

In the chart below, list some examples that fit each category. There's an example to get you started.

CHARITY	JUSTICE
<p>Give away old clothes to people who need them</p>	<p>Make sure that jobs pay enough so that people can afford to buy clothes</p>
