

Letter to Our New Classmate

Adjectives are words that describe a person, a thing, or even feelings. We use them all the time to communicate to others what we see or feel.

Your teacher will show you a picture of a child your age. Imagine that he or she is joining your classroom. From the picture, what can you tell about him or her? How would you describe yourselves to the new student? Write a letter to the new student, using the form below. Fill in the blanks in the letter by using some of the descriptive words below.

Dear _____

Welcome to our classroom! Our teacher has shown us a picture of you. You look _____

and _____. You also look like you could be _____

or _____. The students in our class are _____.

Some of them are _____. Others are _____.

But you will find that everybody here is _____. We are looking forward

to having another _____ student in our class. We know you will be a

_____ addition to our classroom.

Sincerely,
